Get into the General Groove
G-G-General
G-G-General
Get into the General Groove
G-G-General

[Verse]
I'm in the mood
The mood for love
For true love from heaven above
A love that's so strong
There's no envy or pride
That's the kind of love
I know will survive

[Pre-Chorus]
Baby baby, baby baby baby *(baby)*
I just wanna love someone *(love someone)*
Baby baby, baby don't say maybe *(baby)*
I just wanna love someone

[Chorus]
GIRL - Girl, Girl
You got me goin'
Girl you got me
Every time I look at you
Every time, every time I look at you
GIRL - Girl what ya doin'
What ya doin' Girl
Let's get in the mood for love
True love, true love

[Verse]
The way love is
Patient & kind
But in the world
That's not the love you find
A love so sincere
A love that always trusts
Love's in the mail?
Love never fails
How about us?

[Pre-Chorus]
Baby baby, baby baby baby *(baby)*
I just wanna love someone *(love someone)*
Baby baby, baby don't say maybe *(baby)*
I just wanna love someone

[Chorus]
GIRL - Girl...
You got me goin'
You, you got me, ooh yeah
Every time I look at you
Every time, every time I look at you
GIRL - Girl Girl Girl what ya doin'
What ya doin' yeah
Let's get in the mood for love
I'm in the mood, the mood for love

[Bridge - Rap]
I'm in the mood for love
True (from) heaven above
I'll call you up when push comes to shove
If you've had enough of love that's B.A.D.
Let go, let God baby set you free
I'm looking for another who's love is stronger
Cruisin' NYC now I think I've found her
Scannin' my homegirl who'll never leave me
Mine for all time that's the word believe me

[Pre-Chorus]
Baby baby, baby baby baby *(baby, baby)*
No, I ain't goin' for that
Baby baby, baby baby baby *(baby)*
Don't try and play me, lady
Baby baby, baby baby baby
I just wanna love someone *(love someone)*
Baby baby, baby don't say maybe *(baby)*
I just wanna love someone

[Chorus B/D]
