(Eric Michael Cap)

[Intro]

Miss America / Miss America / Miss America/ Miss America

[Verse]

Mythical magic of a cover girl
With looks that took u all around the world
Between the pages of a magazine
You were the sweetest thing I've ever seen
Girls together tryin' 2 turn men on
So young & innocent you're doin' wrong
Being exploited taken advantage of
Sign your name on this model release form

[Chorus]

Miss America - You showed us what u got
Miss America - Do ya like the game or not?
Miss America - Barbie doll, baby baby
Miss America - Go girl

[Verse]

Ambitious beauty queen join the club
Pageant parades then a hot tub
So many secrets that u kept locked up
You we're exposed then deposed, you moved on
No charity your chastity was in doubt
The girl next door they sold you out
You saw red & if looks could kill
They'd all be dead there on capitol hill

[Chorus]

Miss America - You showed us what u got
Miss America - Do ya like the game or not?
Miss America - Barbie doll, baby baby
Miss America - Oh no girl

[Bridge]

Sugar & spice taste so nice but life is bitter sweet
You stayed true 2 yourself & trusted your dreams
To be the best that you can

[Instrumental - Guitar lead]

Miss America - We all make mistakes
Miss America - It's time 2 forgive & forget
Miss America - Cute girl in a situation
