

Only You (remix) - General Groove [feat. LaShawna]

(Eric Michael Cap)

[Intro]

Hey LaShawna - what's up girl?

You gonna sing something for us? Well alright!

I'm Loving You / I'm Loving... (yeah)

[Verse]

Can you hear me

I wanna tell you about my heart

It was so hard

But now I'm happy

Because I found what true love

What true love's about

You are so sensitive and

You really care for me

More than I know - will ever know (and)

You make me feel desired

You set my heart on fire

And I'll be there for you

[Chorus]

Lovin' you and Only You

There's just one thing left to do

That don't mean I love you less

I must confess

Lovin' you and Only You

There's just one thing left to do

That don't mean I love you less

I must confess

[Verse]

There was a time

When there was no one that I could trust

I was without hope (hope...)

But then you came into my life

You were always right there
But I was blind
You never let me down
You'll always be around
For ever more – for ever more and
You fill my heart's desires
You take me higher and higher
And higher, and higher...

[Chorus]

Lovin' you and Only You
There's just one thing left to do
That don't mean I love you less
Lovin' you and Only You
There's just one thing left to do
That don't mean I love you less

[Bridge]

Heaven knows the way you make me feel so good
You meet my every need you give me more than I could want
I never knew what true love was (un)'til I found you
Everything I have, I am, I own, I give to you

[Rap]

I got you on my mind

Thinkin' of you all the time
Lovin' you...
I got you on my mind
I'm thinkin' of you all the time

That don't mean I love you less
